## **Vision Statement**

Bitpakcoin (BPAKC) aims to make the use of cryptocurrency as a form of payment into a reality for retailers and consumers alike. By applying the technology to a series of real world use cases such as cards and the Bitpak point-of-sales, the Bitpak team is going to built products that could accept the BPAKC coin for goods and services. With the goals of supporting retail intelligence, marketing & loyalty programs as well as inventory & order management systems, the Bitpakcoin Point-of-Sales could help to support digital commerce worldwide.
